

CREATIVE **ARTS** WORKSHOP

Celebration of American Crafts 2017 Programming Information

The Celebration Committee is developing a series of weekend artist demonstrations and workshops to generate interest in the sale and support CAW's mission to foster creativity. If you are interested, let us know! We will follow-up for details.

Artist Demonstrations are free and will take place at a table in the 1st floor of the gallery on Saturdays, giving you ample opportunity to discuss and demonstrate your process with our customers. Each demonstration shift is approximately 2 hours long.

Workshops are structured but short learning experiences that will take place in our studios for a small tuition fee on Sundays. Consider winter, holiday, or gift giving themes. Artists will be paid \$60 and reimbursement for materials for each workshop.
